Spring Semester:

Rolling Admission

: November 1

Previously Enrolled/Readmit Students

Fall Semester:

August 1

Spring Semester:

November 15

If you are returning from an academic suspension, the deadlines are earlier:

Fall Semester:

July 1

Spring Semester:

November 1

Transfer Students

Fall Semester:

June 1

Spring Semester:

November 15

Your application will be evaluated as soon as your file is complete.

Graduate Students

NJIT employs rolling admissions, so your application will be evaluated once it is submitted, and all requirements have been completed.

APPLICATION TYPE

FALL

SPRING

Ph.D.

December 15

October 15

Master's - International

May 1

November 15

Master's - Domestic

June 1

November 15

Master's - Online

August 1

November 15

The deadlines above are considered priority deadlines. If a priority deadline has passed, you may still be able to be considered.

Ph.D. Applicants

Students who apply and submit all supplemental materials prior to the cutoff dates will be given priority consideration for funding.

International Applicants

It is recommended that international students begin the application process six months prior to the start of the semester to allow time for visa processing.

There are also final cutoff dates for each semester, by which all the application requirements must be completed:

Undergraduate International Applicants

Fall semester: March 1

Spring semester: October 15

Graduate International Applicants

Fall: May 1

Spring: November 15

Your application will be evaluated as soon as your file is complete.

Application Fees

The non-refundable application fee is \$75.

The Uniform Guidance (

2 CFR § 200

) streamlines and consolidates government requirements for receiving and using federal awards so as to reduce administrative burden. It was published in the Federal Register on December 19, 2014, and became effective for new and continuation awards issued on or after December 26, 2014. Please refer to the Uniform Administrative Requirements, Cost Principles, And Audit Requirements For Federal Awards Electronic Code of Federal Regulations

The Uniform Guidance: Code of Federal Regulations (2 CFR Part 200) provides administrative requirements, cost principles, and audit requirements. The Uniform Guidance website with the following links to grant management, cost principles and administrative and audit requirements:

TITLE 2—Grants and Agreements

Subtitle A—OFFICE OF MANAGEMENT AND BUDGET GUIDANCE FOR GRANTS AND AGREEMENTS

CHAPTER II—OFFICE OF MANAGEMENT AND BUDGET GUIDANCE

PART 200—UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS

Subpart A—ACRONYMS AND DEFINITIONS

Subpart B—GENERAL PROVISIONS

Subpart C—PRE-FEDERAL AWARD REQUIREMENTS AND CONTENTS OF FEDERAL AWARDS

Subpart D—POST FEDERAL AWARD REQUIREMENTS

Subpart E—COST PRINCIPLES

Subpart F—AUDIT REQUIREMENTS

The

Cost Principles (

eCFR 200.400

)

must be used in determining the allowable costs of work performed by the non-Federal entity. The four main principles are:

Reasonableness- A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person in like circumstances.

Allocability- A cost is allocable to a particular Federal award or other cost objective if the goods or services involved are chargeable to that award or objective.

Consistently Treated- A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose is assigned to another Federal award.

Allowable-Determine by the budget approved items, type of expense, timing of the expense, and award restrictions/eligibility.

Federal Agencies also have policies that may add additional restrictions for consideration:

URI website

#### Graduate Research Programs

Doctoral and Master's graduate students are an integral part of NJIT research enterprise. Graduate students work at faculty research centers and laboratories. Students may contact Principal Investigators and Directors of research centers and laboratories for exploring the availability of research opportunities.

Centers and Laboratories website

for additional information on research opportunities.

#### High School STEM Research Programs

NJIT offers excellent opportunities for professional and career development in STEM areas to undergraduate, as well as high school students.

The high school summer research internship program requires a commitment of 6 weeks from June 23rd, 2025 to July 31st, 2025.

Artificial Intelligence, Machine Intelligence & Robotics

Bioscience & Bioengineering

■ Data Science & Management

Environment & Sustainability

Material Science & Engineering

This year we will be collecting applications via an automated workflow system called InfoReady at NJIT. Once active, the "apply" button will be visible.

External applicants (non-NJIT users) will need to create an InfoReady account then log in to apply to the NJIT High School Summer Research Internship Program.

We are no longer accepting applications for summer of 2025.

Eligibility

:

- Applicants must be completing 10th or 11th grade in June 2025. Graduating high school seniors are not eligible.

- Applicants should have an unweighted GPA of 3.75 or better, and show a demonstrated interest in science.

- Students must be New Jersey high school students and residents of New Jersey.

- Students must be able to commute to NJIT daily (at their own expense) for the duration of the program. Housing is not available for students.

- A parent or legal guardian must grant permission for the student to participate in the program

Students who do not meet the criteria above will not be considered.

#### Application Information

: (please click word apply above to be taken to the application)

A transcript will need to be submitted - student should submit most recent Genesis transcript

A letter of recommendation from a teacher or counselor is required. (You will enter their email address and the application will be sent to them.)

You will be asked in 300 words or less why you want to conduct research in your chosen field.

You will be asked in 300 words or less to identify the ways you think this experience will impact your future STEM ambitions.

Applications will not be considered complete without both the student portion and the recommendation letter.

**EMAILED APPLICATIONS AND RECOMMENDATION LETTERS WILL NOT BE ACCEPTED**

#### Timeline:

Applications will open in February 2025.

The student portion of the application is due by Thursday, February 27, 2025. The system will automatically close at this time and cannot be reopened.

The letters of recommendation are due by Thursday, March 6, 2025. The system will automatically close at this time and cannot be reopened.

Notification of application status will be in early to mid April.

Payment and permission forms for those accepted will be due on May 5, 2025.

There is a \$150 program fee for those accepted. Need based waivers are available to those who qualify, please contact

[hssri@njit.edu](mailto:hssri@njit.edu)

if you require financial assistance.

If you have any questions, please contact us at

[hssri@njit.edu](mailto:hssri@njit.edu)

. Please allow 1-3 business days for a response.

Space in the program is dependent on mentor availability. Historically, about 20 students total are accepted each summer.

#### Center for Pre-College Programs

For more information about NJIT's extracurricular STEM programs for students in grades 4 -12, please visit our

Center for Pre-College Programs

.

Note: The Center for Pre-College Programs does not oversee the Summer Provost High School Internship Program nor will they.

#### Meet Some of Our Students

Our students work in the best labs with the highest-quality equipment and technology infrastructure.

#### Learn More

"I'm working on microfluidic biosensors for cancer detection. We hope this technology will replace invasive biopsies. "

Mehnaz Mursalat

Class of 2020

"I have incredible appreciation for the Honors College for equipping me with knowledge and resources to succeed."

and select "New Jersey Institute of Technology" to set-up your account. Once your account is registered, you will be able to select your institution.

Streamlyne for Research Compliance

The Office of Research is developing the functionality of

Streamlyne

, an electronic research administration software, to serve as a dynamic content management system that will aid in the oversight of research.

FISMA - Federal Information Security Management Act

What is FISMA:

The United States Federal Information Security Management Act (FISMA) defines a framework, standards, and guidelines to protect federal information.

FISMA Compliance:

FISMA defines roles and responsibilities for all agencies and related entities to protect sensitive information from compromise and unauthorized disclosure.

Resources:

NJIT's Office of Research provides institutional support and services to the research community. This includes

pre-award services

,

post-award management

, and

research compliance

. The Office of Research has experience with FISMA compliance and can provide assistance accordingly. It is the researchers' responsibility to ensure compliance.

FISMA is administered by the Department of Homeland Security. Changes and updates can be found at

<https://www.dhs.gov/fisma>

.

Questions about FISMA should be directed to the assistant director of research compliance and integrity.

<https://research.njit.edu/contact>

.

[When is my award going to be set-up?](#)

Once an official award is received by the agency, Pre-Award Services will work with the PI to ensure all required information is

[Do I need to change the budget?](#)

Upon award notification, Pre-Award Services staff will review the sponsoring agency award budget against the internal sign-off

Once the PI returns the current updated budget to Pre-Award Services, a request to create a new index number will be provided

[What info is needed to set-up an award for index creation?](#)

An award letter and/or a final executed award agreement from the agency approving the project. The award documents must contain

Start and end date of the award performance period

Total funding amount of the project

Terms and condition of the award

If the award is not yet finalized, in addition to the above information, the PI must submit an advance account request form and a

[When can I start purchasing items from this award?](#)

The PI will receive an e-mail notification from grant accountant in the Post-Award management team containing details of the award

[Who is the grant accountant for my department?](#)

Please see the

[Post-Award Management Team Contact List](#)

.

[I need a pre-award index set-up, what are the steps and documents needed?](#)

If the award is not yet finalized, the PI must submit an advance account request form and a letter from the sponsor with the following

Starting date of project

Total amount of the project

NJIT budget for pre-award, as required on the advance request form

Language that they are authorizing NJIT to start incurring expenses

Once the advance request form is approved by the Office of Research and Finance, it will be provided to Post-Award for index set-up

[What is an obligation and when does it occur on grants?](#)

Financial obligations are when funds are committed for a specific use and are documented and defined in writing. Examples include

Grant funds may not be obligated prior to the starting date of the grant or after the ending date of the grant.

How do I get information from Banner about my program?

The Principal Investigator and departmental support can access the Grant Budget Summary, actual expenses details, expense Finance Website-Banner Finance Resources

Can I spend money before or after the project period?

Expenditures on an award must be incurred within the performance period of the grant or contract. Any expenditures prior to the

How do I know if an expense is allowable?

The award agreement provides the terms and conditions of the award. All eligible expenses would have been listed in the budget

What is the difference between direct and indirect costs?

Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or a

Indirect costs are charged to the project based on a percentage that is approved by the sponsor or was approved by the federal

Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect (F&A) costs.

Can I carry remaining funds from the previous budget year in the current year for my research award?

Carry forward of funds from budget year to budget year varies depending on the terms of the award and sponsor regulations. The

If approval for carryover of funds is required, the PI must work with

Pre-Award Services

to obtain official notice of sponsor approval

What is a Cost Transfer?

A cost (expense) transfer – is an after-the-fact movement of costs (labor and non-labor) from a sponsored or non-sponsored award

Cost transfers may be necessary to (a) distribute clearing account expenses; (b) correct salary distribution estimates; or (c) correct

Examples of unallowable cost transfers are:

- To cover cost overruns or deficit balances in other non-grant or grant funds
- To utilize unexpended funds of a sponsored award
- To use for cost management strategy
- Used any other reason of convenience

What information is required when processing a cost transfer?

A cost transfer form must be completed and the following information must be provided:

the index and account number for which you are requesting the charges be transferred to/from

ledger detail and support for the date and description of the original charge

an explanation of why the transfer is being requested is required.

Generally, explanations for cost transfers should address why the expense was originally charged to an account or line item, why

In addition, further justification/explanations are needed for transactions greater than 90 days. Any adjustments done greater than

Grants should be reviewed monthly or at least quarterly to identify if any adjustments are needed.

Who must approve a cost transfer request?

The principal investigator must make sure that the charges being transferred are appropriate and allowable expenditures on the

The post-award unit will then review and process the cost transfer if they are eligible with regards to the terms of the award. Post

Examples of unallowable cost transfers are:

- To cover cost overruns or deficit balances in other non-grant or grant funds
- To utilize unexpended funds of a sponsored award
- To use for cost management strategy
- Used any other reason of convenience

Why is the time period for cost transfers only 90 days?

Federal regulations govern the amount of time that cost transfers are allowed to be made. In order to comply with these regulations

- Justification/explanation are needed for transactions greater than 90 days. Any adjustments done greater than 90 days, given
- These instances require additional documentation, clear explanations and corrective actions to prevent future errors.

Can salaries be transferred?

Given that a timely review of monthly grant payroll reports is expected, labor transfers should occur infrequently and must include

Once this transfer is approved by Post-Award Management, the PI will need to work with the labor redistribution initiator in their

Labor Redistribution-Finance Site

for more information.

How do I re-budget funds from my award?

The PI must confirm from the award agreement what are the re-budgeting conditions and/or restrictions on the award.

Some budget transfers will require additional levels of approval if they have the following impact and PI must obtain chair and de

- Transfer of academic year release time to summer salary or to any other category.
- Reduction in student support (stipend and/or tuition)
- Reduction in F&A (Indirect/overhead costs charges)

Sponsor agency approval may be required for the following examples and will only be transferred when said approval is documented

- Changes in scope or objective of the project
- Changes in indirect costs

- Changes in PI and/or PI and other key personnel percentage effort (25% increases or decreases)
- Absence of PI for a significant length of time (usually in excess of 3 months)
- Changes in student support (stipend and/or tuition)
- Exceeds allowable limit threshold for re-budgeting
- Changes to equipment
- Changes to subcontracts

Prior approval matrix across multiple federal agencies:

Budget Change Approval Matrix

For a copy of the form and submission of budget revisions requests, please contact your assigned grant accountant under Post-Award Management Team Contact List

Note: If sponsor approval is required, the budget transfer will not be completed until NJIT receives official approval and authorization.  
Who is eligible for summer salary?

Faculty members and certain instructional staff working on sponsored research projects during the summer months are eligible. Employees with a twelve month appointment, some instructional staff and part time employees are normally ineligible for summer salary.

How much I can earn as summer Salary?

Faculty members and certain Instructional staff working on sponsored research projects during the summer months are eligible. There may be some limitations on this based on additional requirements on the sponsor award and agency regulations.

When is the Summer research period?

The summer research period starts the day after the academic year-end graduation date. The total number of summer work hours is 12 weeks.

The senior vice provost for research will send out a summer salary memo in April with details on the summer pay periods, deadlines, and other information.

Does the effort expended during academic year qualify for sponsored summer salary?

No. Summer salary is earned and paid over the same period as the summer research is performed. Effort expended during the academic year does not qualify.

What is a Time & Effort report?

Effort reporting is required in accordance with eCFR 200.430 Compensation-Personal Services.

- The processes and system in place allow for reasonable approximations of the activity actually performed;
- The system must recognize the principle of after-the fact confirmation or determination so that costs distributed represent actual effort;
- Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of the employee's salary;
- Salaries and wages of employees used in meeting cost sharing or matching requirements on Federal awards must be supported by effort reports.

Effort reports are distributed three times a year – once each semester – spring/summer/fall. The senior vice provost will send out a memo with the distribution schedule.

The anticipated Effort Report deadlines will be approximately:

Spring – Early July (Due to fiscal year end processes and recast deadlines)

Summer – September 24

Fall – March 31

Do I need pre-authorization or pre-approval for my travel?

Yes, the traveler's approver, within his or her school, division, or department must authorize all official business travel.

Please see the finance website

for more information on travel.

Who is making my travel arrangements?

Travelers are expected to make their own travel arrangements by planning ahead, explore multiple transportation and lodging options, and book travel through Anthony Travel.

Please see the finance website for more information on travel.

I am arranging for travel to an international country, do I have to use a US owned airline for my travel arrangements?

The university will reimburse coach class tickets aboard a regularly scheduled commercial carrier. Travelers must use a US Flag carrier.

How do I get an advance for travel?

Please see Finance Website for more information on Travel.

Can I rent a car when I go on travel?

The University will reimburse for rental car when there is a business justification or there is no other means of comparable transportation.

Please see Finance Website for more information on travel.

What is the current mileage reimbursement rate?

The university will reimburse travelers who use private automobiles on university business at the State's mileage reimbursement rate.

What is the meal per diem for Travel?

The University will reimburse travelers for meals in travel status under the following options:

This per diem must be prorated if any meals are provided at a conference, by the hotel or by any other source, or if a traveler books a meal.

Please see the Finance Website for more information on travel.

Do I get reimbursement for meal expenses for non-travel business from my grant?

University regulations apply to all grant or contract meal and food purchases unless there is a restriction or guidance from the sponsor.

Generally, meal and food purchases are not an allowable expense on grant funds. In those cases in which meal and/or food purchases are not allowable on grant/contract funding.

When should my travel expenses be submitted?

Travelers must submit their Travel Expenses forms and all supporting documents within 45 days after their return to the university. Travel Expense Forms submitted beyond one year after the date(s) of travel will only be reimbursed with a vice president's approval. Please see the Finance Website for more information on travel.

Who can approve my travel reimbursement?

The traveler's supervisor, PI, index/fund responsible person or their designee who does not report to the traveler must approve.

What is MTDC?

Modified Total Direct Cost (MTDC)

means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of indirect costs.

About Us  
Student Programs  
Educator Programs  
Family Programs  
Competitions  
News & Events

This year's STEM challenge will feature an exciting "Community Problem-Solving" question, where students will harness the power of

Challenge Date:

Thursday

,  
March 20th, 2025 from 8:30am-3:00pm (Snow Date: March 22nd, 2024)

Eligibility:

3rd - 5th grade students

# of Team Members:

4 - 6

student members per team (Limited to 1 team per school)

\*We are no longer limiting the number of schools in a school district from participating!

Registration Deadline:

Friday December 6th, 2024

Registration Fee:

Payment method must be by check or school purchase order

Early Bird Registration: \$299 per team

(must register by November 4th)

General Registration: \$349 per team

Costs includes:

Supply kits

Engineering Logbooks (one per student)

A teacher-coaches live, online professional development workshop

An opportunity for teacher-coaches to participate in a hands-on session with the provided technology that will be used for the challenge

An NJIT student mentor who will meet with the team on a weekly basis for seven weeks prior to the on-campus competition

Challenge Components

:

Engineering Design Device Demonstration (40% of the overall score):

. The first component of the challenge will require students to demonstrate the devices they worked on for the six weeks leading up to the

Game Show Challenge (15% of the overall score):

The second part of the challenge will be a game show style question and answer challenge where the teams will use a Computer to

Oral Presentation (30% of the overall score):

The third part of the challenge will feature team members' presentations of project overviews that include their design processes and

Engineer's Logbook (

1

5% of the overall score):

The Fourth part of the challenge will require the team members to complete and submit an Engineer's Logbook.

NJIT Student Mentors:

Each team will be assigned an NJIT Student Mentor that will meet with the team on a weekly basis for seven weeks prior to the

Teacher (Coaches) Professional Development:

Thursday, January 23rd, 2025 from 3:30pm-4:30pm (virtual)

Awards & Prizes:

The challenge will culminate with an award ceremony that will include the announcement of first, second and third place challenger

If you have any questions or need additional information, please do not hesitate to contact us at

eSTEM-group@njit.edu

.

2025 eSTEM Challenge Waitlist

We have reached capacity for the 2025 eSTEM Challenge.

Click here to add your team to the waitlist!

Our campus has doubled in size in the past decade to include new residence halls, a 190,000-square-foot Campus Center and

## Engage NJIT

NJIT gives you more than a world-class education. It gives you a community. The friends and contacts you'll make at NJIT, whether in 140 student clubs and organizations

or in dozens of

community service projects

, will enhance your life and impact your future. The

Office of Student Life

administers a wide range of programs and services that benefit the student population.

## Explore NJIT

NJIT is located in

Newark

, New Jersey's largest city. Newark is also New Jersey's cultural and economic capital, boasting

performance spaces

,

professional sports

, great food, and five other colleges nearby. We're also 20 minutes by train to

New York City

, the greatest city in the world. On any given day, you can watch a sporting event (we have 19 Division I teams), challenge friends

## Enjoy NJIT

Why not live where you learn? More than 50 percent of first-year students and 25 percent overall live on campus in one of our fine

residence halls

.

Learn more about what NJIT has to offer or

schedule a visit

.

## Meet our Students

Almost 2,000 students, and nearly 50 percent of first-year students live on campus

## Apply Now

"NJIT gave me the freedom and creativity to tailor my degree to best suit my interests and talents."

Danielle Tavella

Class of 2017

"I appreciated the intellectual challenges, career preparation and diverse student body."

Karen Cilento

Class of 2012

"I think I learned a lot from NJIT about myself. How much I could push myself. How much I could accomplish. There are no limits."

Mikaya Hamilton

Class of 2021

Streamlyne software supports NJIT proposal submission process, IRB and research Conflict of Interest (COI) functions. Further, as of July 2020, Streamlyne modules are available for the following research administration functions:

Pre Award

- Creation and routing of proposals, including proposal budgets and submission to Grants.gov.

Conflict Of Interest (COI)

- Financial entities submission and maintenance, disclosure preparation and submission.

Institutional Review Board (IRB)

- Committee Creation, Protocol Preparation and Submission, Protocol Review, Committee Meeting Management and Reporting

Accessing

Streamlyne

The Pre Award and new IRB and COI Streamlyne modules can be quickly accessed via

Streamlyne

Blog

How long will it take to process my application?

Your application will be reviewed as soon as all required documents are received by the Admissions Office.

Will NJIT accept unofficial copies of my transcripts or documents?

NJIT will accept unofficial copies of any required documents needed to complete your application. Admitted students are expected to provide official documents.

Can I apply to several degree programs at the same time?

No, applicants can apply to one degree program only.

How can I find out the status of my application?

Students are able to check the status of their application online via the application portal. Go to [connect.njit.edu/apply/](http://connect.njit.edu/apply/).

Can you tell me if I have been accepted over the phone?

Admission decisions cannot be released over the phone because we cannot verify the identity of the caller. All admission decisions are made by the Admissions Office.

What are the policies on changing from one program to another?

Students can apply for a department transfer after completing one full year in their enrolled program by submitting a formal application to the Admissions Office.

Can I take courses before being admitted into a graduate program?

Students are permitted to register for up to 9 credits of non-matriculated coursework with the written approval of the academic department.

Can I authorize a friend to be responsible for my application process?

You can have a friend inquire about missing documentation. However, admission decisions are provided directly to the applicant.

Test Scores

What are the TOEFL, IELTS, Duolingo, PTE, GRE and GMAT requirements?

The minimum TOEFL score requirement is 79 (Internet-Based), 550 (Paper-Based) or 213 (Computer-Based). The minimum IELTS score is 6.5. The minimum Duolingo score is 105. The minimum PTE score is 59. The minimum GRE score is 150. The minimum GMAT score is 550.

The individual academic departments determine the required GRE and GMAT scores. You can learn more [here](#).

We encourage those students who have taken the test to submit scores.

How can I receive more information about the TOEFL, IELTS, Duolingo, PTE, GRE and GMAT exams?

GRE Information -

[www.gre.org](http://www.gre.org)

GMAT Information -

[www.gmat.com](http://www.gmat.com)

TOEFL Information -

[www.toefl.org](http://www.toefl.org)

IELTS information -

[www.ielts.org](http://www.ielts.org)

Duolingo -

[www.duolingo.com](http://www.duolingo.com)

PTE -

[www.pearsonpte.com](http://www.pearsonpte.com)

Financial Aid

How do I apply for financial aid?

All applicants are automatically considered for financial support by the academic department at the time of admission. There is no separate application for financial aid.

What are other forms of financial assistantships available at NJIT?

Limited graduate assistantships are available through the Office of Graduate Studies annually to enrolled students. Please feel free to contact the Office of Graduate Studies for more information.

International Students

When will I receive my I-20?

Visa eligibility forms are released once a student has been formally admitted to NJIT and has submitted appropriate financial documentation.

Can I receive my I-20 electronically?

Yes, your I-20 will be e-mailed to you after you have been admitted to NJIT and your appropriate financial documentation has been received.

Blog

A list of all U.S. embassies and consulates can be found at [www.usembassy.gov](http://www.usembassy.gov)

Students are required to provide their visa application form (with the appropriate, non-refundable fee), their passport, an I-901 S

What to Bring With You to the Visa Interview

Be sure to bring the following with you to the visa appointment:

Passport

Required photo(s)

Proof of visa fee payment

SEVIS I-901 fee payment receipt

U.S. non-immigrant visa application forms

NJIT acceptance letter

Form I-20 or DS2019 issued by NJIT

Test scores and academic records

Proof of financial support

Evidence of ties to your home country

Any other documents required by the embassy or consulate

What you need to know

Financial certification

The consulate officer will require evidence of strong ties to your home country such as family, business, or financial support in y

Educational goals

You should be able to explain why you chose NJIT and why you want to study in the United States, instead of studying in your c

Be clear

Your interview will likely be only a few minutes long; make sure you respond to questions in a clear and concise way, to give a l

Leaving family behind

Be prepared to explain how your family will be financially supported while you are NJIT if they will remain in your country while y

English proficiency

Your interview will likely be conducted in English.

Visa denials and visa delays

The most common reasons for visa denials are:

Lack of evidence to prove financial capability to study in the United States

Lack of evidence to prove strong ties to the home country

If your visa application is denied, you will be able to reapply for a visa; however, please contact the Office of Global Initiatives in [global@njit.edu](mailto:global@njit.edu)

so we can assist you.

Visa delays can happen due to many different factors, including but not limited to: holidays, request for additional information, s

F or J Visa

Most students come to the United States on an F-1 student visa. This visa type will be used for students coming to NJIT to purs

If you are participating in the exchange visitor program, you need to obtain a J-1 visa. Generally, a J-1 visa is required for stude

Early Arrivals and Tourist Visas

DO NOT enter the U.S. as a tourist with a B-1, B-2 visa stamp or with a WT (waiver tourist) if you are a citizen of a country that

If you enter as a tourist, you must apply for a change of status to F-1 or J-1, in order to enroll as a full-time student. Unfortunate

You can enter the U.S. up to 30 days before the date indicated on your Form I-20 or DS2019.

Canadian Citizens

Canadian citizens are exempt from visa requirements, but must present the following documents upon entering the United State

NJIT acceptance letter

Canadian passport

Proof of SEVIS I-901 Fee Payment

NJIT Form I-20

Proof of financial support matching the information on your Form I-20

Other than the visa requirements for entry into the U.S., all travel documents and regulations for Canadian citizens are the same

By law, international students may travel to the United States no more than 30 days before the start of classes.

Students Currently in the United States

If you are already an F-1 visa holder because you are attending another institution in the U.S., you will need a new Form I-20 to

If you are currently holding another visa type and wishes to change it to F-1, please contact the Office of Admissions at [admissions@njit.edu](mailto:admissions@njit.edu)

for assistance.

Highest

NJIT Earns Highest Research Rating (R1)

Source: Carnegie Classification

\$49M

NJIT's largest research and development grant

Our researchers collaborate with each other, partners in industry, government and peer institutions.

Learn More

Research Administration

There are multiple layers involved in the NJIT management of the Sponsored Research Enterprise. However, they can be classified as follows:

NJIT's Strategic Plan and Research Mission

Identifying funding opportunities

Proposal preparation

Award negotiation

Award management

Regulatory compliance

Intellectual property protection and technology transfer

Effort commitment and certification

Communication of policies and processes

Grant Management

relates to all of the administrative tasks required to handle the money, reporting, and program implementation in a way that meets the needs of the university and the funding source.

It is ensuring that

program staff

have the latitude to accomplish something meaningful at the same time that

every obligation to the funding source is met and fall within governing regulations

.

The

Office of Research

provides administrative, compliance, and financial management support for research grants and contracts. This includes disseminating information about research opportunities and managing the research process.

The Office of Research provides research and development support services through the following units:

College Research Liaisons

Pre-Award Services

Post-Award Management

Research Compliance and Integrity

Intellectual Property

News & Events

The program focuses on participants' academic success in high school and ultimately assists them in their higher-education pursuit.

UBELLs at NJIT specifically serves low-income and first-generation college-bound English-language learners at two Newark high schools.

Upward Bound is a federally funded TRiO program. For more information about TRiO programs please visit the

U.S. Department of Education

.

Services and programs offered through Upward Bound for English Language Learners (UBELLs):

- Saturday and academic-year classes at the NJIT campus in computers, science, math, English and Spanish
- Tutoring program
- Leadership training activities
- Cultural field trips
- Mentoring activities
- Counseling and academic advisement
- Career orientation
- College preparation and financial-aid workshops
- Rigorous six-week summer academic program at the NJIT campus in computers, science, math, English and Spanish
- Social activities
- Health and fitness activities

How Do I Qualify?

Students who have completed 8th grade but have not entered the 12th grade are eligible to apply and are selected on the basis of the following:

- Participation in the bilingual and/or ESL program at target high schools
- Minimum GPA of 2.0
- Teacher/counselor recommendations
- Low-income and/or first-generation college student
- Desire to pursue higher education

Program Cost

It is entirely free. Students are provided with books, instructional supplies, field trips, meals, and public transportation tickets at no cost.

Target Schools

The Upward Bound for English Language Learners (UBELLs) Program at NJIT recruits students from the following Newark public high schools:

- Barringer High School
- East Side High School

Tuition & Costs

## Tuition & Costs

For each academic year, the standard cost of attendance as defined by the Student Financial Aid Services (SFAS) Office depends on the student's status.

Research is an integral part of a strong academic experience and a critical priority in NJIT's 2025 Strategic Plan. The university's 150 new faculty members we have hired over the past five years strengthen our efforts considerably. They include experts in many fields. To achieve our research and educational goals, the university's strategic plan calls for seamless multidisciplinary and transdisciplinary research. The NJIT's 2025 Research Strategic Plan organizes five research clusters of high significance and societal impact aligned with the university's mission.

#### BIOSCIENCE AND BIOENGINEERING:

This research cluster includes multidisciplinary research in the areas of biomedical devices, sensors and instrumentation, brain research, and nanotechnology. The scope of the proposed cluster includes areas that are aligned with the NSF's 10 Big Ideas, and the National Academy of Engineering's Grand Challenges.

#### DATA SCIENCE AND MANAGEMENT:

This research cluster includes the study and practice of data science and analytics, and extracting information and knowledge from data. The cybersecurity group designs secure cyber systems and improves cyber information and communications technology (ICT). The Data Science and Management cluster spans over all other research clusters including Bioscience and Bioengineering, Engineering, and the Social and Behavioral Sciences. NAE and NAS Grand Challenges and NSF Big Ideas within the scope of this cluster include "Secure Cyberspace", "Advance Personalized Learning", and "Restore and Improve Urban Infrastructure".

#### ENVIRONMENT AND SUSTAINABILITY:

This cluster represents interdisciplinary research areas in urban ecology, space weather, solar terrestrial, environmental sensor networks, and sustainable design. NAE and NAS Grand Challenges and NSF Big Ideas within the scope of this cluster include "Solar Energy", "Restore and Improve Urban Infrastructure", and "Advance Personalized Learning".

#### MATERIAL SCIENCE AND ENGINEERING:

This cluster represents transdisciplinary research areas in advanced materials including smart energetic and composite materials, nanotechnology, and microelectronics. The Material Science and Engineering cluster spans over almost all research clusters including Bioscience and Bioengineering, Engineering, and the Social and Behavioral Sciences. NAE and NAS Grand Challenges and NSF Big Ideas within the scope of this cluster include "Restore and Improve Urban Infrastructure", "Advance Personalized Learning", and "Secure Cyberspace".

#### ROBOTICS AND MACHINE INTELLIGENCE:

This research cluster includes human machine interface, cyber-human systems, robotics: bioinspired, medical, social and industrial robotics. The Robotics and Machine Intelligence cluster also interacts with other research clusters including Bioscience and Bioengineering, Engineering, and the Social and Behavioral Sciences. NAE and NAS Grand Challenges and NSF Big Ideas within the scope of this cluster include "Advance Personalized Learning", "Secure Cyberspace", and "Restore and Improve Urban Infrastructure".

NJIT is committed to fostering and upholding the highest ethical standards in the conduct of research and scholarship and compliance with federal and institutional regulations. The Collaborative Institutional Training Initiative (CITI) Online Software System  
NJIT research compliance training is supported by CITI

online training software. NJIT faculty, staff and students can access required compliance training modules via the NJIT CITI program. Accessing CITI

To access online materials and courses for training or certification, please register online at the CITI website ([www.citiprogram.org](http://www.citiprogram.org)).

Under "Institution," select "New Jersey Institute of Technology".

Register your account using your NJIT UCID and email address.

Once you register your account, you can access several research compliance modules, view the material and take appropriate

CITI Curriculum Modules and Courses

The NJIT CITI curriculum supports various needs and learning styles. Registrants may enroll in multiple courses which can be tailored to

The Human Subjects Courses

(see

Institutional Review Board

)

Human research training must be completed by all Principal Investigators (PIs), Co-Investigators, and those meeting the NIH definition of

Key Personnel

"who will be working directly with human subjects or with data or biospecimens regardless of whether or not they have access to the data or biospecimens"

The Lab Animal Welfare Courses

All animal users must complete the General Lab Safety Training and Biosafety/BBP training provided by EHS and the CITI curriculum

Good Clinical Practice (GCP) Training

Individuals engaged in the conduct of a clinical trial (per the NIH definition) must complete a GCP training

Conflicts of Interest

All personnel involved in the design, conduct, or reporting of Public Health Service (PHS) funded research must take the Conflict of Interest training

Export Controls

All personnel interacting with export controlled technical data/technology on campus and sponsoring H1-B and J-1 visa must complete the CITI training

IMPORTANT:

All training certifications must be renewed periodically. Updated and current certifications are required to participate in any research

The Department of Public Safety, conveniently located at 154 Summit St. on the first level of the Parking Deck, provides police protection for the campus. All NJIT Police Officers have graduated from an accredited police academy and are certified by the New Jersey Police Training Academy. The University police maintain a close working relationship with the Newark Police Department, Rutgers, Essex County College, and other local law enforcement agencies. This year's STEM challenge will feature an exciting "Community Problem-Solving" question, where students will harness the po

Challenge Date:  
Thursday

,  
March 20th, 2025 from 8:30am-3:00pm (Snow Date: March 22nd, 2024)

Eligibility:

3rd - 5th grade students

# of Team Members:

4 - 6

student members per team (Limited to 1 team per school)

\*We are no longer limiting the number of schools in a school district from participating!

Registration Deadline:

Friday December 6th, 2024

Registration Fee:

Payment method must be by check or school purchase order

Early Bird Registration: \$299 per team

(must register by November 4th)

General Registration: \$349 per team

Costs includes:

Supply kits

Engineering Logbooks (one per student)

A teacher-coaches live, online professional development workshop

An opportunity for teacher-coaches to participate in a hands-on session with the provided technology that will be used for the ch

An NJIT student mentor who will meet with the team on a weekly basis for seven weeks prior to the on-campus competition

## Challenge Components

:

Engineering Design Device Demonstration (40% of the overall score):

. The first component of the challenge will require students to demonstrate the devices they worked on for the six weeks leading

Game Show Challenge (15% of the overall score):

The second part of the challenge will be a game show style question and answer challenge where the teams will use a Comput

Oral Presentation (30% of the overall score):

The third part of the challenge will feature team members' presentations of project overviews that include their design processes

Engineer's Logbook (

1

5% of the overall score):

The Fourth part of the challenge will require the team members to complete and submit an Engineer's Logbook.

NJIT Student Mentors:

Each team will be assigned an NJIT Student Mentor that will meet with the team on a weekly basis for seven weeks prior to the

Teacher (Coaches) Professional Development:

Thursday, January 23rd, 2025 from 3:30pm-4:30pm (virtual)

Awards & Prizes:

The challenge will culminate with an award ceremony that will include the announcement of first, second and third place challer

GRE scores are required for admission to some doctoral programs

The Test of English as a Foreign Language (TOEFL), Duolingo, PTE or the International English Language Testing System (IELTS)

Individual academic programs may establish additional or more stringent requirements.

Application Checklist

Application for admission

\$75 nonrefundable application fee

Transcripts and proof of degree completion from all colleges and universities attended

GRE/GMAT scores

TOEFL/IELTS/Duolingo/PTE results for international applicants

Three letters of recommendation

Statement of purpose

GRE/GMAT requirements per academic college:

Newark College of Engineering

- GRE

optional but strongly recommended

for all MS and PhD applicants

Ying Wu College of Computing

- GRE

required

for all international MS applicants and all PhD applicants

Jordan Hu College of Science and Liberal Arts

- GRE

optional

for all MS and PhD applicants

Hillier College of Architecture and Design

- GRE

optional

for all Master's applicants; GRE

required

for all PhD applicants

Martin Tuchman School of Management

- GMAT/GRE may be

waived

for Master's applicants with cumulative undergraduate GPA of 3.0 (international students need a WES or another NACES-approved agency)

required

for all PhD applicants

Blog

Choose from 55 master's and 19 doctoral programs covering the most advanced specialties in engineering, computing, management, and business.

#1

Public University for Alumni Earnings, Economic Mobility, and Academic Profile

Source: New York Times

\$167M

total research expenditures in FY2023

We gained national prominence by developing relevant academic programs.

Explore our degrees

Learn at cutting-edge, multidisciplinary research laboratories in hot areas like cybersecurity, financial bubbles, tissue engineering, and nanotechnology.

Prepare for careers in the fastest growing, best-paying specialties. NJIT ranks 8th in the nation for alumni earning potential. The Princeton Review ranks NJIT as one of the top 100 universities in the nation.

Meet Some of Our Graduate Students

NJIT's place as a leading public research university provides you with an experience that is hard to match.

"With my Master's in Biostatistics, my journey has been amazing. I found a very caring and homely environment at the university."

Nainy Jain

"I have enjoyed my time in the Materials Science and Engineering Program, particularly the small classes and individual attention."

Emine S. Karaman

Class of 2019

 Alpha Kappa Alpha Sorority, Inc.  
 Alpha Kappa Alpha Sorority, Incorporated (AKA) is an international service organization that was founded on the campus of Howard University in 1908.  
[www.aka1908.com](http://www.aka1908.com)

Delta Epsilon Psi Fraternity, Inc.  
 Delta Epsilon Psi ( $\Delta E\Psi$ ) is a South Asian interest social and service fraternity located in the United States. Delta Epsilon Psi Fraternity, Inc. is a South Asian interest social and service fraternity located in the United States. Delta Epsilon Psi Fraternity, Inc. is a South Asian interest social and service fraternity located in the United States.  
 Kappa Phi Gamma Sorority, Inc.  
 Founded by 27 visionary women, Kappa Phi Gamma Sorority, Inc. was established on November 8th, 1998, at The University of North Carolina at Charlotte.  
 Iota Nu Delta Fraternity, Inc.  
 Iota Nu Delta, the First South Asian interest fraternity, develops well-rounded men to be tomorrow's leaders—bold individuals who are committed to the Brotherhood Eternal.

Iota Phi Theta Fraternity, Inc.  
 Iota Phi Theta Fraternity, Inc. ( $I\Phi\Theta$ ) is a historically African American fraternity. It was founded on September 19, 1963, at Morgan State University in Baltimore, Maryland.  
 La Unidad Latina, Lambda Upsilon Lambda Fraternity, Inc.  
 Our Hermandad (Brotherhood) takes a role in meeting the needs of the Latino community through academic achievement, cultural awareness, and social vision.

Following our foundation, we sought to affiliate ourselves with men who exemplify determination, pride, merit, creativity, focus, and commitment to accomplish the goals we had set for ourselves. The passion of our Hermandad helps to bring the many historical Latino accomplishments to the forefront of the community.  
 NOT

LATIN EXCLUSIVE.

Lambda Tau Omega Sorority, Inc.  
 Lambda tau Omega Sorority Incorporated began its journey with 16 intelligent, energetic and independent womyn. These womyn are committed to the development and sustainability of the Latino community.  
 Lambda Theta Phi Latin Fraternity, Inc.  
 On December 1, 1975, history was made –Lambda Theta Phi was founded on the campus of Kean College in Union, New Jersey.  
 Multicultural Greek Council  
 The Multicultural Greek Council will promote and support the development and sustainability of multicultural Greek fraternities and sororities.  
 Omega Phi Chi Multicultural Sorority, Inc.

The overall purpose of Omega Phi Chi is to generate unity among all women. We believe that we can promote ethnic diversity b  
Phi Beta Sigma Fraternity, Inc.  
Phi Beta Sigma Fraternity, Incorporated was founded on January 9th, 1914 on the campus of Howard University. Our principles  
Sigma Beta Rho Fraternity, Inc.  
Sigma Beta Rho is the nation's premier multicultural fraternity. We span over 50 universities with over 3,000 members nationwid

What is the first step?

Contact SRA. However you are comfortable: e-mail, phone, and stop by our office in the Fenster all Building (3rd Floor); just be

What is the preferred way to contact SRA?

The best option is to send an e-mail to the Research Director/Project Manager with a CC to the

[srard@njit.edu](mailto:srard@njit.edu)

. We recommend using your Director/Research Manager assigned to your college rather than emailing a specific staff member.

<http://www.njit.edu/research/>

Can I submit a late proposal?

Federal agencies distinguish between deadlines and target dates.

Deadlines are absolute and proposals received after a deadline are not accepted. For those competitions with target dates, there

If the delay will be significantly more, please contact to make certain it can still be included in the pending review cycle. For some

How can I help avoid delays in SRA proposal processing time?

Follow the Proposal Preparation Guide:

Work with Department/College Representative and SRA early in the process

Read the solicitation closely and address any special requirement

Become familiar with agency-specific rules, e.g. National Institutes of Health (NIH) salary cap and National Science Foundation

Prepare the necessary forms. Ensure all Investigators have submitted their Conflict of Interest Disclosure prior to submission

Confirm the Internal Sign off has been approved up to SRA's level of approval

If the proposal includes subcontracts, ensure you have received the signed Sub-recipient Commitment Form for each subcontract

My work is interdisciplinary. What should I do?

Any federal agency recognizes that innovative research often lies at or between traditional disciplinary boundaries and encourages

A potential applicant should contact a relevant program Director and discuss their particular project. For administrative reasons

My project involves multiple researchers at several institutions. How should I handle this?

There are several mechanisms to provide support to researchers at multiple institutions and to accomplish this within the framework

These include subcontracts, collaborative awards and a central plan of administration by a single institution. Although one needs

Applicants should call the Program Director to discuss the details, advantages and disadvantages of each alternative.

Will you write the grant for me?

The simple answer is no.

In our experience, having another person put your ideas into words is not effective, is not as successful, is totally transparent to

What else do I need to know to effectively deal with SRA?

SRA is committed to facilitating the pre-award process for scholarly research. The following information will help you understand

SRA can assist you with properly understanding the Request For Proposal (RFP). This may include blocking off long periods of

Time can be a very real constraint. Keep in mind that some proposals will need specific certifications that they are common; the

What is the NJIT Timeline for Proposal Submission?

1 month

in advance (as early as possible) send the SRA a message of intent to apply to

[srard@njit.edu](mailto:srard@njit.edu)

This should include the request for proposal identification number (NSF, NIH) or the grant proposal guidelines document. At minimum

2 weeks

before the due date the budget should be finalized and the approval proposal process should be initiated. This includes the Department

72 hours

prior to submission the SRA will initiate a proposal review and check for submission errors. For this to occur, all portions of the proposal

24 hours

prior to the deadline for on-time submission, the PI should release the final version of the proposal to the SRA office. (Please refer to

Research Proposal Submission Guidelines Recommendations

.  
What recommendations do you have for my Major/Multi-year Research Projects (e.g. NSF, NIH, DOD)?

It is strongly recommended that proposal budgets prioritize student support. Grants and contracts generally include in their person

How do we submit Small and Consulting Projects and non-STEM Grants, and/or Creative Projects?

Small or creative projects and/or consulting contracts, usually involving industry, state or private agency funding, will be treated

A faculty member who is seeking such funds should clearly explain the scope of the project and its funding source to the Chair

The involvement of students in such projects can be compensated on an hourly basis at a rate consistent with federal work-study

What is the process for changing an Awarded Proposal Budget?

In the case that the budget of a grant or contract is awarded with budget changes, the new budget and justification must be resubmitted

If the grant can no longer support the full student cost, the remaining portion will be cost shared by the Department Chair, Dean

How do I Budget a Different Indirect Costs?

If the company or agency does not allow indirect costs as stated in our agreement with the Federal government, they must provide

For grants and contracts that restrict indirect costs, the remaining needed cost will be shared by SRA.

What if my Proposal Requires a Budget Match?

When an agency requires a match to the proposed budget, the PI of the proposal will contact the SRA to discuss the inclusion of

What is NJ GEAR UP/College Bound?

NJ GEAR UP/College Bound is a pre-college program that serves students in the Newark school district. Students are exposed to

Services We Offer

Academic-Year Program - comprehensive academic sessions for 20-weeks after school and Saturdays.

Summer Program - intensive academic instruction for four to six weeks.

Program Focus - math and science skill development; written and oral communication; counseling, leadership development, academic

Mentoring Program - exposure to minority role models through mentoring and special lecture programs.

Student Development - enhancement through leadership, cultural and career experiences, mediation training and academic counseling

Parent Support Group - workshops and seminars designed to address parent's their concerns. Topics include- parenting, teen safety

How Do I Qualify?

To participate in NJ GEAR UP/College Bound you must:

Live in the city of Newark

Complete a program application

Provide a copy of your latest report card

Attend one of the following target schools

- Belmont Runyon

- Hawkins Street School

- Lafayette Street School

- Luis Munoz Marin

- Rafael Hernandez

- Ridge Street School

- Sussex Avenue

- Wilson Avenue

- Barringer High School

- Central High School

■ - East Side High School

- Weequahic High School

Meet family income requirements

Enter the program in grades 7 through 12.

Once all documents are received, Site Directors will contact you for an interview with you and your parent/guardian.

Program Cost

It is absolutely free. Students are provided with books, instructional supplies, field trips, meals and public transportation tickets and

Board of Trustees  
Foundation Board of Directors  
Advisory Boards  
Bharat Biswal, distinguished professor of biomedical engineering, is a pioneer in the field of neural imaging credited with develop

In the early 1990s, as scientists began mapping the brain with functional MRI (fMRI), Biswal proposed a radical new approach to studying the brain. “At the time, it was perceived as a crazy idea in neuroscience, which was focused on task and response,” recalled Biswal, then an assistant professor at Johns Hopkins University. Biswal was particularly interested in what the scans would reveal about brain-related diseases, such as where and how those diseases affect the brain. Thirty years later, what is known as resting-state brain connectivity is the primary vehicle for examining brain connections in infants and children. His techniques are used to advance the knowledge, understanding, and treatment of many neurodegenerative diseases, brain injury, and mental health conditions. Biswal, director of NJIT’s Center for Brain Imaging, is now using it to compare neural signaling in people with Alzheimer’s disease and healthy controls. “Alzheimer’s is particularly challenging because people can’t perform tasks and may forget right away what they have been asked to do,” he said. A primary goal of the research is to apply fMRI for a more reliable diagnosis, prognosis and treatment of Alzheimer’s. The study is ongoing. As part of his study, he’s collaborating with groups around the world to gather a vast and diverse data set of more than 100,000 subjects. “We don’t just want to be able to diagnose it, but to help in assessing treatments,” he said. “We can see what happens when we intervene.” Biswal joined NJIT in 2012 as a tenured full professor and was promoted to distinguished professor in 2016. That same year, he was named a Distinguished
